

Rankings committee 2014: John Grundy, Alistair Moffat, Lin Padgham, Mark Reynolds, Vijay Varadharajan

Decision: Rerank from C to A

Rationale:

This is a second and final decision for 2014, earlier we provisionally reranked from C to B but lacked convincing comparators to consider a higher ranking.

Based on data supplied, appears comparable to one of the new supplied comparator conferences and superior to the other (both ranked A).

These include reasonably large size with a low acceptance rate, good h index of chairs, $h_5=19$, good position in Arnetminer lists compared to similar conferences ranked A.
