

Decision: Provisional ' Rank B

Rationale:

This is a new entrant to Core Ranking.

Based on the data provided for this conference, the acceptance rate of 20% to 30% and good h-index of chairs as well as the standing of this conference in the community, the ranking is likely to be a B.

Several comparator conferences have been mentioned in the request but data on these have not been provided. However conferences such as INSCRYPT are SECRYPT not comparable in terms of scope and topics, and conferences such as WCC is too broad to compare with SOUPS.
