### **Summary Argument:**

This conference has been established since 2005: 13 editions under full sponsor of IEEE Computer Society. Since 2008, I am chairing this conference: - the audience number of the conference now becoming stable, - published papers have high technical qualities, - each paper received at least three useful and interesting reviews and comments, the number of TPC members is around 160 (not students) academics and industrials, - the attendees have been all time happy with the technical sessions and with the social aspects, - some authors are familiar with WiMob and attend each year, - the acceptance ratio is stabilized in average around 25% (22% - 30%), - the conference received high experts in the field as keynote speakers (Ian Akyldiz, Khaled Ben Lataeif, Lajos Hanzos, Mischa Dohler, Chen Hsiao-Hwa, Mario Gerla, etc.). This is why I think that our conference deserve to be ranked A.

### **Additional Notes**

Our conference should be in Field Of Research: 1006 - Computer Hardware because a lot of conferences similar to our conferences are there.  
Our conference is not the appropriate set of conference 1005.
