CORE made a decision in 2013 to no longer rank national or smallish regional/local conferences. This was partly due to resource limitations, but also due to inappropriateness of an Australasian committee ranking conferences from other regions. In 2013 all identified such conferences were removed from further listings, except those that were Australasian which were tagged as Australasian. As a result of requests we are now adding back eligible regional conferences on request, with tag "regional" and no ranking.
