EvoApplications applied for rank "B". The committee noted that the acceptance rate included short papers - but that the proceedings includes all papers as full papers. Chairs on the weak side (H=11-12). h5=16. PC ok. WPP does not manage to differentiate EvoApplications from EvoStar. Overall, the committee reached a consensus to recommend accepting rank "B".

One committee member noted a COI (PC member and publishes regularly) and did not suggest a rank.
