Shazia Sadiq (Chair)
Uwe Roehm

This is the flagship conference for the recommender systems community. RecSys has a high Google Scholar H5-index (46). The PC chairs have high h-indexes (25 to 75 in the past three editions). The conference generally receives ~120-180 submissions and has an acceptance rate of ~20%. According to the ACM statistics, the average number of citations per article is 18. The average h-index for PC members is 19 and 62% of these have an h-index of at least 18. Many PC members publish at RecSys: 24 out of the 32 experts identified in the report published at this conference in 3 or more years. Citations at 25% and 50% are 33% and 67% respectively
