Lei CHen
Shazia Sadiq (Chair)
Uwe Roehm

The request to add this conference at rank B is justified. It is a small, very focused conference for research on similarity search; with between 30-50 submissions; and acceptance rates ranging between 29-52%. The h5-index for this conference is 13. Authors that publish in SISAP also publish in ICDM, KDD and SIGIR. Comparators SPIRE and DaWaK seem appropriate and are both level B.
