CAV is currently ranked at A* and the committee checked if the A* rank is still justified.
CAV is listed as a comparator of POPL and ICFP.

The number of submitted papers is around 200 p.a., with an acceptance rate between 26% and 30%.
The #submissions is good, the acceptance rate is slightly high for an A* conference.

The average PC h-index is around 15. WPP is good - this conference was published at 58 times by 20 of 27 experts in the last 5 years.

CAV is among the top 20 computer hardware design venues according to Google Scholar (#11, h5=38).

The committee discussed this conference and agreed that the rank remains at A*.
