PEPM was used as a comparator conference.

Only basic comparator data included in submission.

Extremely low submissions (<20), high acceptance rate (~50%) - too low/high for B rank.

Centile citations one of the lowest in 4612 - almost bottom of whole 4612

Senior PC is actually good h indecies - 10/29 above

PC doesnt seem to publish at the conference based on WPP data given - 2/8 only?

Committee discussed and felt this should be downranked to C rank.
