Submission data for 2023 CORE conference ranking process
International Conference on Quality of Multimedia Experience

Christian Timmerer, Fernando Pereira, Peter Schelkens

Introductory Questions

Conference

Title: International Conference on Quality of Multimedia Experience
Acronym : QoMEX

Requested Rank

Rank: A

Primarily CS

Is this conference primarily a CS venue: True

Location

Not commonly held within a single country, set of countries, or region.

Conference Details

Month: June
Publisher: IEEE (technically co-sponsored by the Signal Processing Society (SPS), which also provides Conference Organizer
Guidelines; proceedings published in IEEE Xplore; other technical co-sponsors are QUALINET and sometimes IEEE ComSoc,
EURASIP)
Bi-annual: False
Multiconference: False
Component in a multi-conference or umbrella event: False
Colocated with other events: True
Colocated event description: QUALINET Meeting
Event relationship description: QUALINET previously was COST Action 1003 (from 08/11/2010 to 07/11/2014) and the main technical
sponsor for QoMEX. QUALINET continuesed to exist after COST and meets once a year co-located with QoMEX. It can be considered
as the scientific community supporting QoMEX and everyone can join for free. Further information about QUALINET can be found at
http://www.qualinet.eu/.
Alternative content: True
Alternative content description: Full papers and short papers; all papers included in the proceedings are peer-reviewed by the same
technical program committee following a double-blind review approach.

Proceedings Publishing Style

Proceedings Publishing: series
Link to most recent proceedings: http://ieeexplore.ieee.org/xpl/conhome.jsp?punumber=1002876
Further details: The link provided points to all proceedings of QoMEX published within IEEE Xplore, technically co-sponsored by IEEE
Signal Processing Society (Multimedia Signal Processing Technical Committee).

Policies

Chair Selection: QoMEX is guided by a Steering Committee (https://qomex.org/steering-committee/) that invites to submit proposals for hosting future editions of QoMEX (https://qomex.org/hosting/), including the Organizing Committee and thus all Chairs. Proposals are evaluated by the Steering Committee, and proponents are invited to present their proposals during a Steering Committee meeting, where a selection is made after discussion with proponents and among Steering Committee members. The organizing committee should be international and should have proven experience in organizing other international conferences and events. An initial list of a technical program committee from which reviewers will be drawn should also be proposed.

Relationship to similar conferences

Partial ordering of similar conferences in the area, with argument as to where the current venue fits and why:
ACM International Conference on Multimedia (MM) (
https://scholar.google.com/citations?hl=en&view_op=list_hcore&venue=vKMrxyJUpv0J.2022) – general conference in the area
of multimedia with a much broader scope than QoMEX and also much bigger but it has a theme which is related to QoMEX
IEEE International Conference on Image Processing (ICIP) (
https://scholar.google.com/citations?hl=en&view_op=list_hcore&venue=a9ZSGA40nccJ.2022) – general conference in the area
of image processing with a much broader scope than QoMEX and also much bigger
IEEE International Conference on Multimedia and Expo (ICME) (
https://scholar.google.com/citations?hl=en&view_op=list_hcore&venue=xYXdFLRJbCMJ.2022;
https://scholar.google.com/citations?hl=en&view_op=list_hcore&venue=Nb-CRah8-lcJ.2022) – general conference in the area
of multimedia with a much broader scope than QoMEX and also much bigger
ACM Multimedia Systems Conference (MMSys) (
https://scholar.google.com/citations?hl=en&view_op=list_hcore&venue=iRTf4ImdsEQJ.2022) – specific conference on
multimedia systems of similar size like QoMEX but a different scope
Conference on Multimedia Modeling (MMM) (
https://scholar.google.com/citations?hl=en&view_op=list_hcore&venue=Yk_rZmw8Ul4J.2022) – conference related to
multimedia of similar size like QoMEX but a different scope
INTERSPEECH (ICASSP) (https://scholar.google.com/citations?hl=en&view_op=list_hcore&venue=HHC6AUo36fEJ.2022) –
conference related to speech and audio with a more specific scope but much bigger than QoMEX
International Workshop on Quality of Multimedia Services (QUAMUS) colocated with SITIS – workshop within the scope of QoMEX but
much smaller than QoMEX and also weaker
IEEE/ACM International Symposium on Quality of Service (IWQoS), formerly known as International Workshop on Quality of Service
(IWQoS) (https://scholar.google.com/citations?hl=en&view_op=list_hcore&venue=hI4YkCzmiU4J.2022) – symposium related
to QoMEX but with a focus on Quality of Service (QoS) rather than Quality of Experience (QoE)
Consequently, we believe QoMEX is the most vital conference in the area of Quality of Experience (QoE).
