David Eyers (chair), William Fornaciari, Xiao Liu, Jan Rellermeyer, Abusayeed Saifullah

Decision

Conference to be ranked as C

Justification

The citation and author strength indicators support a CORE C rank. The number of established researchers that publish at the event is reasonable, but not atypical of other CORE C conferences. The conference PC include a good proportion of established researchers, who publish at other conferences with CORE C and CORE B rankings.

The committee was unanimous in recommending a C ranking.
