Conference to be ranked at B

It is a relatively new conference established in 2019. The number of total submissions were 80, 87 and 72 in the past three years. Its h5 index is low at 12 which is expected considering the scale and recency of the conference. The average H-indices of Program Chairs were 36, 32 and 44 in the past three years, and the PC has a healthy mix of early, mid, and late career members, with median H-index of 17. The paper citation and author H-index data is strong with a trend towards A/A\* in coming years. This conference was published at 112 times by 33 of 42 established researchers in the PC. This conference was published at 7 times by 4 of 20 selected area leaders in the last 5 years, and only 2 out of these area leaders published at this venue in 2 or more years.
