Rankings committee 2014: John Grundy, Alistair Moffat, Lin Padgham,
Mark Reynolds, Vijay Varadharajan

Decision: Add to DB with rank C

Rationale: Chairs are strong, but are the same each year, which
suggests the conference community may not include a substantial number
of strong researchers. Acceptance rates are high. It is roughly at the
halfway mark in Arnetminers ranked list of 208 conferences in
graphics, and is well below the bottom of GS top 20. Good quality
reference data was provided for 2 B conferences, but it was not clear
that this conference was obviously stronger.
