http://portal.core.edu.au/core/media/request_attachment/List_of_Keynote_Speakers_of_Past_Editions.pdf

Summary Argument:

The key reasons that permit us to believe that our international conference (VECoS) is superior (if not equal) to our comparator conferences (as EMSOFT, FORTE, PEPN, SEFM, PASTE, MSWIM, PADS, ACSO, APSEC, DEPCoS, IPCC, CISIS, SOFTCOM, IFM, CCA, etc..) are:

- 1- Relevant and high quality detailed evaluations are provided by PC members (at least 3-4 reviews for almost all submitted documents)
- 2- Invited speakers (list in attachment) are highly cited researchers in domains related to the 3 main topics of our conference :
Formal Methods, Performance & Dependability, Control & DES.
- 3- Important part for interaction and feedback following presentations.
- 4- Extended versions of selected papers of past editions were submitted and accepted in International Journal of Critical Computer-Based Systems (IJCCBS):

VECoS 2007-2010 :

- International Journal of Critical Computer-Based Systems 2011, Vol. 2 No. 3/4
- International Journal of Critical Computer-Based Systems 2012, Vol. 3 No. 1/2

VECoS 2011-2012:

- International Journal of Critical Computer-Based Systems 2014 , Vol. 5 No. 1/2
- International Journal of Critical Computer-Based Systems 2014, Vol. 5 No. 3/4

VECoS 2013-2014

- International Journal of Critical Computer-Based Systems 2016, Vol. 6 No.4
- International Journal of Critical Computer-Based Systems 2017 Vol. 7 No. 1

VECoS 2015-2016

- Publication expected for 2018.
