Summary Argument:

The International Symposium on Networks, Computers and Communications (ISNCC) is a great place to meet researchers, to bring people together, to provide an important channel for the exchange of information between them, to bond together as a team, to learn new things and to try out new technologies.

But what makes ISNCC a great conference and deserves to be ranked B, are the followings:

-ISNCC is Technically Co-Sponsorship by IEEE and IEEE Communications Society;

-The steering committee is composed by three (03) IEEE Fellow including the Past Chair of the IEEE ComSoc, and (03) IEEE Senior members, which are the followings:

-- Vijay Bhargava, University of British Columbia, Canada & Past President of IEEE Communications Society (ComSoc) IEEE Fellow

-- Guoliang Xue, Arizona State University, USA IEEE Fellow

-- Ahmed E. Kamal, Iowa State University, USA IEEE Fellow

-- Tarek Bejaoui, University of Paris-Sud, France IEEE Senior member

-- Mohamed Younis, University of Maryland Baltimore County, USA IEEE Senior member

-- Pascal Lorenz, University of Haute Alsace, France IEEE Senior member

-The High Quality of the Keynote Speakers:

From its first editions, the conference organizing committee of ISNCC has invited very high level speakers giving keynote talks that are being at the technical leading edge, like:

-- Prof. Ashfaq Khokhar: Iowa State University, USA, Pioneer in Data Analytics

-- Prof. Vijay Barghava: University of British Columbia, Canada, IEEE ComSoc Past Chair

-- Prof. Giuseppe Bianchi: University of Rome Tor Vergata, Italy, Pioneer in IEEE 802.11 Standards

-- Prof. Falko Dressler: University of Paderborn, germany, Pioneer in Vehicular Networks

-- Prof Latif Ladid: University of Lwembourg, President of IPv6 Forum

-The High Quality of the Program Committee Chairs and members

Most of the Program and Track Chairs of ISNCC are very high level researchers and famous like:

-- Prof. Jiankun Hu, University of New South Wales, Australia

-- Prof. Thomas Schwarz, Marquette University, USA

-- Ahmed Amer, Santa Clara University, USA

-- Mubashir Rehmani, COMSATS Institute of Information Technology, Pakistan

-- Yassine Hadjadj-Aoul, University of Rennes, France

-- Al-Sakib Khan Pathan, IIUM University, Malaysia

-- Agusti Solana, University Rovira I Virgili, Spain

-- Alfredo Cuzzocrea, University of Trieste, Italy

-The location:

All editions of ISNCC were organized in great conference venues:

-- The Yasmine Hammamet Seaside Resort, Tunisia

-- The beautiful city of Marrakech, Morocco

-- Rome, Italy

For all these locations, the transportation is readily available. Nearby the conference venue, there are many restaurants, and attractions that attendees could benefit, and that could help in maximizing additional event networking opportunities.

-The High Quality of accepted papers ensured by a low acceptance rate.
