

2021 4602 Committee

Bing Xue (Victoria University of Wellington, New Zealand)

Michael Winikoff (Victoria University of Wellington, New Zealand) [chair]

Noa Agmon (Bar Ilan University, Israel)

Serena Villata (Universit  Cte dAzur, CNRS, Inria, I3S, France)

Toby Walsh (UNSW, Australia)

Yuan-Fang Li (Monash University, Australia)

ISRR was on list to submit to retain "A" ranking, but did not submit. Committee chair collected information (see below), and also contacted the conference organisers and received some information.

Overall, the committee considered ISRR to be appropriately ranked as "A", noting: strong PC that is reasonably active (see WPP below), very strong chairs (see below), and h5=22 (despite being biennial).

WPP:

4. International Symposium of Robotics Research (ISRR)

This conference was published at 11 times by 7 of 13 experts in the last 6 years.

Information received regarding acceptance rate:

"We had 149 submissions: 94 were regular papers, 26 were blue-sky papers (2 pages shorter in length than a regular paper). Papers were submitted as full papers (not abstracts) and each were reviewed by 3 reviewers." (this relates to 2017, which had 53 accepted papers)

Chairs 2019:
