4604 Committee

Members not in CoI

Dali Kaafar (Chair, Macquarie University)
Yuval Yarom (University of Adelaide and Data61)
Haya Shulman (Fraunhofer Institute for Secure Information Technology SIT)
Ryan Ko (University of Queensland)
Seyit Camtepe (CSIRO Data61)
Catuscia Palamidessi (Inria and ecole Polytechnique of Paris)

Members in CoI

Willy Susilo (University of Wollongong)
Joseph Liu (Monash University)

Provided as comparator, Maintain B Ranking

NSS has been provided as a comparator.

The committee determined that the conference technical program has been chaired by well established researchers in the field (with h-indexes ranging from 31 to 51 in the last three years) and acceptance rates of 29%, 30% and 40% which are comparable to other conferences in this FoR code at the B Rank such as IFIP SEC. The committee members noted that the increased acceptance rate in 2019 is due to the large number of papers submitted during NSS 2019 in new diverse topics, e.g., Audio and Biometrics Security and Enterprise Security which are relatively less popular in other CORE B security conferences. The conference does have an h5-index of 13 which is comparable to other conferences in this FoR code at the B Rank (IFIP SEC). Guide2Research ranks NSS over ACM SAC, PROVSEC and IFIP SEC all CORE rank B.

The committee recommends unanimously that it maintains its B ranking.
