The data for this conference was provided as a comparator at rank B. This is a fairly small venue (about 15 published papers) with an acceptance rate around 30%. h5 is 14. Chairs are mostly established researchers. The PC has a range of individuals, skewed somewhat towards the lower end. 13/40 of the PC are established researchers and of these 7 have published there at least one of the last 5 years. Both citations and h-index of authors are somewhat above average for this FoR code. The data supports its B ranking.
