The submission was provided as a comparator at rank A, and reviewed to ascertain if that rank is justified.

This is a medium size venue with 27 to 49 papers with acceptance rates from 20-36%.

This conference has an h5 of 19, which is in the lower end of A conferences. The median PC index is 11, with 48/164 established researchers, which below the threshold of A conferences, and this conference was published at 19 times by 9 of 38 established PC researchers. Neither the citation data nor the index 25 data of this conference is available compared with other A*/A conferences. The main comparator CLOUD of this conference is ranked at B, and there is another conference ICSOC that covers the similar topics as SCC, the quality of ICSOC is much higher compared with this conference while ICSOC is at rank A, furthermore, the CCF ranking of SCC is C, this further confirms that SCC is a rank B conference. The committee agreed that it should be downgraded to rank B.
